SUB – Our Heartfelt Gratitude & Appreciation for Lions Quest Program.

Respected Shailaja Madam,
NAMASKAR.

On behalf of our school management, staff & students we would like to offer our deepest gratitude & appreciation to the Lions International Club, you and all your co-members of Lions Quest Program (TTW) conducted by Lion Balkrishna L. Joshi and you for all our teachers. It was a unique program co-ordinated and conducted very professionally by both of you. The uniqueness of the program lies in the 100% hands-on participative Training given to the teachers. The program impacts the teacher's understanding and problem solving skills for most of the burning issues of today's youth and adolescents. It has bridged a huge gap to complete all that the formal education curriculum lacks for the wholistic development of a student. The training made the teachers experience how teaching and learning can be such a joyful yet meaningful experience.

The teachers have re-joined work with such renewed energy, joy and inspiration. If just 3 days can bring such a transformation in the attitudes mind & work of the teachers; we are sure that the impact of the entire module given in those precious KITS of books for the teachers & students will create far reaching ripples in the health of student's lives, their families and society at large.

We are even more delighted to report to you that our teachers have already started implementing the program in their class-rooms.

Thanking you both once again.

Yours sincerely,

Dear Madam,
We are greatly obliged to have the Lions Quest program in our school. The teachers were finding it difficult to understand and cater to the behavioural problems of the students. You were kind enough to suggest this program to the teachers. The trainer, Mr. B.L. Joshi conducted the workshop in such a manner that teachers gained the confidence that these issues can be tackled at their level.
As a part of this program, teachers and students were given books which will be a guide to the parents. We extend our gratitude to you for exposing us to this program and been there personally to guide us in the program. We have already started implementation of the Lions Quest program.
We assure that we will try our best to use these methods. Yours truly, Principal,

Lions Quest Annual Symposium:

Lions Quest has been a permanent activity of Lions Club of North Bombay since last 22 years. The club is implementing Lions Quest in 41 school in Mumbai, Bhivandi and Pune with 6168 students for the year 2018-19. To keep teachers updated, each year we organise refresher workshops for teachers.

For the past 10 years the club, with the initiative and dedicated involvement of Our Club Chairman and guide PDG Lion Shafi Thanawala have been doing extensive work with Anjuman-I-Islam group of schools in Mumbai & Pune. 17 secondary schools are implementing Lions Quest Skills for Adolescence program and 14 primary schools are implementing Skills for Growing program.

To meet and discuss the yearly reports from the school for Lions Quest implementation along with honoring the teachers and students who complete the SFA & SFG course, the club organises LIONS QUEST ANNUAL SYMPOSIUM since last 7 years.

This year the 7th Annual symposium was held on 5th January 2019 at Saboo Siddiki College of Engineering, Byculla, Mumbai and was attended by 800 plus students, teachers, principals and parents. To get the best output each year we keep competitions based on Lions Quest theme, and the schools participate very enthusiastically. All the school send their innovative yearly reports which shows the different activities done in school based on Lions Quest and the feedback of students, teachers and parents. All these reports are collectively shared by us in this symposium.

Though they send their reports, but they themselves presented their reports at the Symposium . Best presentation reports were awarded Excellence Awards in SFA and SFG Through the talk show we all could assess the innumerable benefits through Lions Quest on the lives of these families.

Price Reduction of Skills for Growing books

We are please to inform that, to have maximum implementation of Lions Quest SFG program, the rates of SFG books are being reduced from 17th February 2019 as follows.

(Teacher set Present rate 950/-)
(Student Set Present Rate 100/-)

Rates Reduced to
Teacher Sets 600/-
Student Sets 60/-

These rates will be uniformly applicable to all Multiples under LQIF.

We are also happy to announce that SFG will have same criteria of Reimbursement as SFA from 17th February 2019. That means any workshop conducted purely for SFG will be eligible for reimbursement as per Reimbursement Criteria set earlier for SFA & SFA/SFG Combined workshop.

I hope that we all together will expand the horizon of implementation of SFG program in this Lions Year.

Welcome our new trainer – Perna Agarwal

Join in welcoming our newest trainer Mrs. Perna Agarwal in LQIF team of trainers. Perna is from Guwahati having proficiency in English, Hindi and Assamese language.

Program overview:

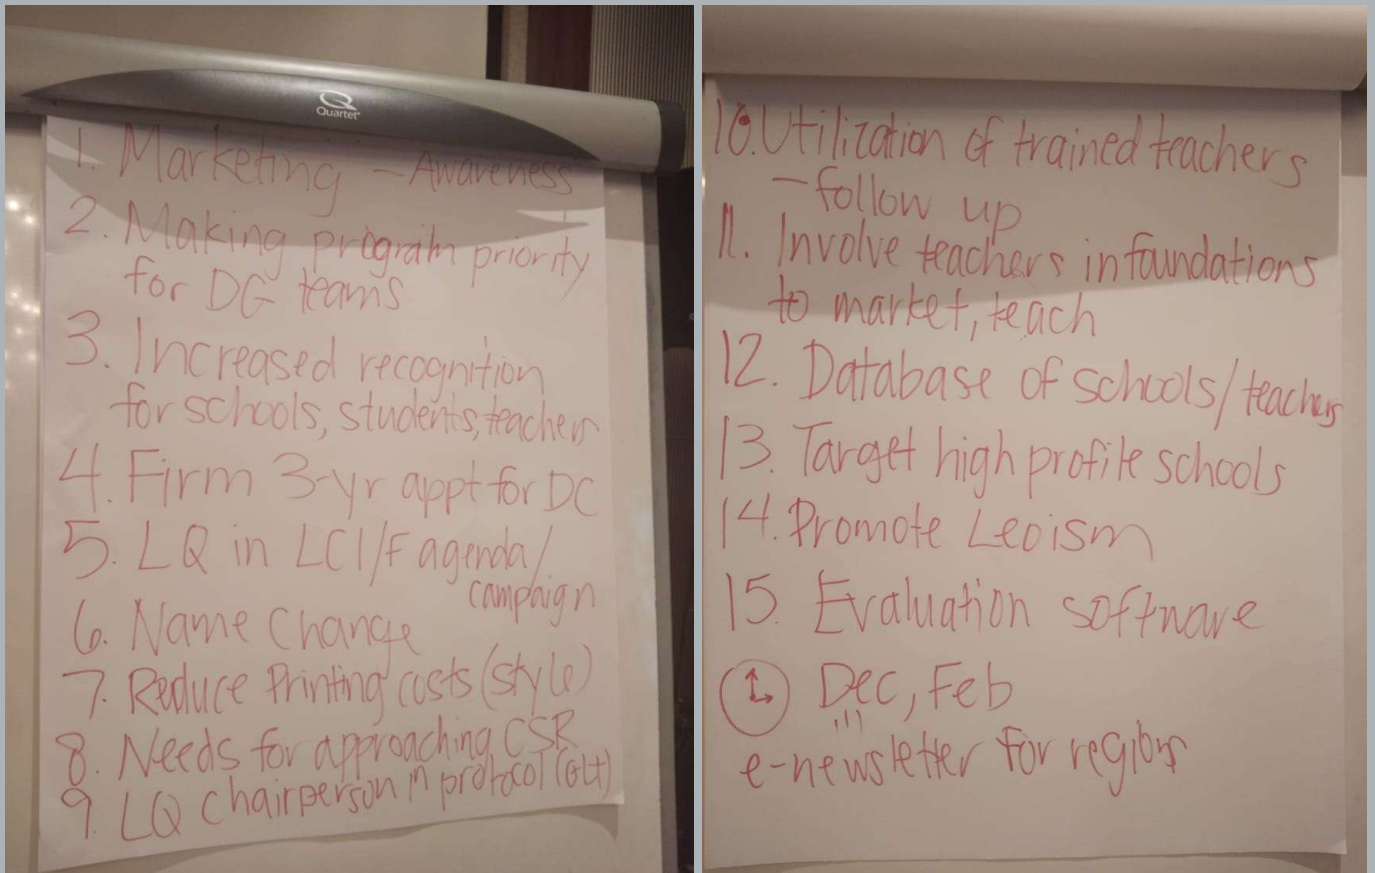

Ariel Dickson had presented and conducted the program on behalf of LCIF and this was the first ever South Asia meeting for Lions Quest of its kind. India [with two foundations – Lions Quest in India Foundation – {LQIF} and South India Lions Quest Foundation {SILQF}], Sri Lanka, Bangladesh & Nepal participated in the Meeting.

Leaders from LQIF and SILQF of Country India presented their report with relevant data and also shared their experiences about Lions Quest. Recently, LCIF had done a project on Lions Quest with Bangladesh which was explained and briefed by representatives from Bangladesh. Sri Lanka is also slowly developing Lions Quest, initially through Government tie ups as told by their representatives. Nepal is going to start Lions Quest shortly in their region with help of new Grant application followed by sanction of Grant from LCIF.

Program Conclusion and Resolutions:

LCIF is planning to organise South Asia Regional meeting every year from now on. Next year, the meeting will be held at Bangalore at a suitable time, mostly in December 2019 or February 2020.

Few important point and resolutions were formed at the end of two day meeting and all have agreed to work towards overcoming or implementing that in coming year. The same will be reviewed and discussed in the next meeting with the outcome/result after implementation.
